

BOB BERTUCCI has directed one of the most successful camps in the country for the past 39 years. The camps allow an aspiring volleyball athlete the opportunity to be exposed to Coach Bertucci's highly successful training methods. His training methods, as described in his books and videos, are employed at every camp. All camps will have certified staff who are highly competent and well-versed in the Bertucci training system.

THE 2019 CAMPS will feature special guest instructors, personalized training and a recommended coach-player ratio of 1-12. The underlying philosophy that these camps were founded upon was to make available quality volleyball training that was both affordable and convenient.

THE DAY CAMPS are three day programs with two sessions per day. Most camps are held from 9:00 AM to 4:30 PM. The camps are co-ed and designed for beginner to advanced athletes in middle school and high school. Two types of day camps are offered: individual skill training and team training. They are described here.

INDIVIDUAL CAMP

For players who are looking for a strong foundation in their skill development, this program is designed specifically to stress proper fundamentals and techniques. Through this period of concentrated skill training, participants will see major improvements in their overall individual performances. Athletes will be grouped according to skill level.

TEAM CAMP

The team camp program is geared toward preparing a team for the upcoming season. It will stress all team functions and afford ample six on six scrimmages. A court coach will be assigned to actually train and prepare your team, allowing the high school coach to sit back and observe. Areas you can expect to cover are service reception, team offense, team defense, transition and much more. For maximum benefit, groups will be between 12-15 players. You are encouraged to bring your entire team. Every effort will be made to accommodate individuals who wish to attend the team camp.

TRADITIONAL CAMP

The traditional camp is a combination of both our individual and team camp programs condensed into a three, four or five day format. The first part of the camp will train individual skills and build toward team functions. For example, a session will start with individual passing and progress to full team serve receive. Depending on the length of the camp, we will go more in depth into team transitions, strategy and tactics and 6v6 competition.
